

INDEX TO VOLUME VI

AUTHORS INDEX

A

- ABSTRACTS of current literature, 55, 113, 187, 256, 327, 394, 456, 508, 559, 617, 666, 715
ANEMA, R. A substitute for precious metals in the enlargement of the alveolar process by the lingual wire, 579

B

- BLAIR, VILRAY P. Cleft palate and hare-lip, 43
— Doctor Gilmer—the surgeon, 369
BROADBENT, B. HOLLY. A model trimmer, 151
BURKE, GEORGE F. Child psychology and its relation to orthodontic practice, 341
BUSBY, OSCAR E. A plan of treating neu-troclusion with labioversion of maxillary incisors, 598

C

- CASE, CALVIN S. Dento-occlusal classification of malocclusion, 135
— Principles of retention in orthodontia, 627
COLYER, J. F. Variations in position of the teeth in New World monkeys, 168
CROZAT, GEORGE B. Possibilities and use of removable labio-lingual spring appliances, 1

D

- DEWEY, MARTIN. Indications and contra-indications for the extraction of teeth for the purpose of correcting malocclusion, 526
— The muscles and ligaments of the mandible as related to certain functions and development, 203
DUCKWORTH, T. G. Why we insist on early orthodontia treatment, 411
DUNN, ROBERT. Arrested vertical development, 581

E

- EBY, JOSEPH D. Principles of orthodontia in the treatment of maxillo-facial injuries, 273
ENGSTROM, CARL O. The conservation of an exposed pulp, 93

F

- FEDERSPIEL, M. N. A report of a case of ostitis of the mandible with an external fistula caused by a suppurative, proliferative pericementitis of a lower right third molar, 664
— Complex composite odontomes—report of a case, 316
— Mouth infection as a source of systemic disease, 180
FERNANDEZ, RICARDO. Remote manifestations of focal dental infections, with case reports, 446

G

- GRAY, B. FRANK. Notes on interpretation of radiograms, 111
GRIEVE, GEORGE W. Technic of construction and adjustment of the pin and tube appliance, 698

H

- HAMILTON, H. B. The dental hygienist in orthodontic practice, 589
HANAU, RUDOLPH L. Dental engineering, 230, 491
HELLMAN, MILO. The relationship of form to position in teeth and its bearing on occlusion, 432, 478, 530
HEMLEY, SAMUEL. Congenital absence of the permanent tooth buds, 252
HERTZLER, ARTHUR E. Diseases of the jaw—case histories, 236
HORSLEY, J. SHELTON. Operations on hare-lip and cleft palate, 497
HUGHES, WALTER R. The contact point—its relation to the general health, 33

J

- JOHNSON, A. LEROY. The meaning of the normal, 602
JOHNSON, JOSEPH E. A new type of molar band and locking device for lingual appliances, 519
JOHNSON, S. C. A lock for the lingual arch, 94

K

- KAZANJIAN, V. H. An analysis of gunshot injuries to the face, 97
KOHAGEN, J. B. Lingual lock, 445

- KREGARMAN, S. LEWIS. Prevention vs. treatment of malocclusion, 222

M

- McCoy, JOHN RUSH. The president's address before the Pacific Coast Society of Orthodontists, 347
- McCoy, JAMES DAVID. Modeling compound as an impression material for the orthodontist, 465
- MERSHON, JOHN V. President's address before the American Society of Orthodontists, 311
- The removable lingual arch and its relation to the orthodontic problem, 681
- MOREHOUSE, H. L. A résumé of cases treated involving third molar influence, 550

N

- NELSON, J. FRANK. Prophylaxis in orthodontia, 8

P

- POLLIA, JOSEPH. Some radiographic anomalies, 454
- POLLOCK, H. C. An orthodontic appliance, being a combination of principles involved in the lingual appliance, ribbon arch, and expansion arch, 573
- PORTER, LOWRIE J. A stable and easily adjusted lingual lock for use with removable lingual arches, 473

R

- RAIL, W. A. The continuous administration of N_2O in dental surgery, 375
- RATNER, GEORGE PALMER. Dental radiographic pathology, 381
- RICHARDSON, ELIZABETH E. Treatment of impactions and infraocclusion and cases, 141
- RISDON, E. F. (*See* Waldon and Risdon), 319

S

- SAMUEL, BERTRAM B. Some suggestions for the formation of a "London Orthodontic Center," to which would be allied a "London School of Orthodontics," for postgraduate and undergraduate work, 95
- SHEARER, WILLIAM L. Congenital cleft palate and harelip, 607
- SIMPSON, CLARENCE O. Special equipment for extraoral radiography, 505
- STERRETT, DONALD S. Failures or unsatisfactory cases in orthodontic practice, 659

W

- WALDRON, C. W., AND RISDON, E. F. Mandibular bone grafts, 319
- WEEKS, E. G. Presidential address before the Alumni Society of the Dewey School of Orthodontia, 416
- WHEELER, C. W. B. A system of keeping orthodontic records, 69
- WEINBERGER, BERNHARD WOLF. History of orthodontia, 14, 74, 154, 356, 714.

GENERAL INDEX

A

- Abscess of hard palate, 243
- Accidents of local anesthesia, oculo-cardiac reflex in, 508
- Actinomycosis of the jaw, 237
 - its relationship to the jaws, 564
- Adamantinoma of superior maxilla, 259
 - of upper jaw, 667
- Adjustment of arch with pin and tube appliance, 707
 - of lingual arch, 692
- Alopecia following injuries of jaws, 328
- Alveolar border, granuloma of, 250
 - precocious atrophy, 567
- American Society of Orthodontists, possibilities of, 126
- Amputations, root, 120
- Anatomical articulator, 20
- Anchorage, 692
 - of force in movement of teeth, 88
- Anesthesia by intraligamentous injection, 568
 - for cleft palate operation, 502
 - use in dental surgery, 375
- Anesthetic, administration of, 675
 - treatment, toxic necrosis of maxilla following, 119
- Angle's classification of malocclusion, interpretation of, 457
- Anthropoid apes, dentition of, 480
- Antral suppuration, treatment of, 188
- Antrum of Highmore, 728
- Apparatus for administration of nitrous oxide, 376
- Appliances for spreading the arch, 716
- Arch form and size of teeth, relationship between, 231
 - form, determination of, 582
 - location of, 686
 - removable lingual, 681
- Arrested vertical development, 581
- Articulator, anatomic, 20
- Artificial dentures, 512
- Atavistic origin of fifth cusp, anatomical demonstration, 331
- Auxiliary spring, 688

B

- Bacteriologic investigations in focal infection, 449
- Bacteriology of pyorrhea, 258
- Badger dentition of, 442
- Bands and tubes, placing, 700
- Benzoic and salicylic acids, value of, 56
- Bilateral syphilitic parotitis, 671
- Bimaxillary protrusion, 527
- Block anesthesia in bucco-dental surgery, 730
- Bodily tooth movement, 163
- Bone grafting of the fractured mandible, 566

- Bone grafts, mandibular, 319
 - transplantation of, 320
- Bonwill appliances, 16
- Bony parts, fixation of, in facial wounds, 101
- Boston session of National Dental Association, 622
- Brachyteles, position of teeth, 171
- Brophy nipple for cleft palate cases, 614
- Buccal mucosa, papillomata of, 191
 - occlusion, 136
- Buccinator muscle, 207
- Bucco-dental sepsis and periapical foci, influence of on the general condition, 567
 - surgery, block anesthesia in, 730
 - conduction anesthesia in, 563

C

- Calculus formation in antrum of Highmore, 728
- Callithrix, position of teeth in, 177
- Cancer of the mouth, 60
 - of the tongue, 117
 - inoperable, 395
 - treatment of, by bloody method, 187
- Caries, dental, definition of, 397
 - predisposing, causes of, 394
- Causes of caries, 394
- Cebidæ, position of teeth in, 168
- Child psychology and its relation to orthodontic practice, 341
- Chimpanzee, dentition of, 485
- Chin region, phlegmon of the, 563
- Chrysothrix, position of teeth in, 176
- Cleft palate and harelip, 43
 - congenital, 607
 - operations on, 497
 - causes, predisposing and exciting, 608
- Classification of irregularities, 726
 - of malocclusion, dental-occlusal, 135
- Classifying dental schools, 197
- Commercial affiliations, evils of, 676
- Complex composite odontomes, 316
- Composite odontoma, 122
- Conduction anesthesia in bucco-dental surgery, 563
- Congenital absence of permanent tooth buds, 252
 - cleft palate and harelip, 607
 - malocclusion, 364
- Conservation of an exposed pulp, 93
- Construction and adjustment of pin and tube appliance, 698
 - of arch of pin and tube appliance, 702
 - of lingual arch, 685
- Contact point, its relation to general health, 33
 - loss of, by extraction, 36
- Continuous administration of N₂O in dental surgery, 375
- Contouring appliance, 81
- Crib, Jackson's, 155

D

- Death following injection and extraction, 562
- Deciduous teeth of modern man, 535
- Dental arch, changes in, during childhood, 458
 - caries, definition of, 397
 - in relation to oral osmosis, 190
 - dysplasia of Capepont, 394
 - education, what is limit in, 514
 - engineering, 230, 491
 - forensic cases, 404
 - hemorrhage, treatment of, 399
 - hygienist, 262
 - as a factor in dental progress, 567
 - in orthodontic practice, 589
 - infections, 732
 - focal, remote manifestations of, 446
 - in children, 124
 - nomenclature, 333
 - neuralgias, diagnosis of, 674
 - occlusal classification of malocclusion, 135
 - orthopedia, esthetic correction of, 85
 - radiographic pathology, 381
 - radiograph, 330
 - schools, classifying, 197
 - sepsis in children, 260, 560
 - surgeons, 189
- Dentigerous cyst of lower jaw, 245
- Dentist, cooperation of, in prevention of malocclusion, 225
- Dentistry in relation to oral sepsis, 183
- Dentitions, divergent peculiarities, 545
 - general features common to, 537
 - Mongolian, 541
 - of American Indian, 547
 - of anthropoid apes, 480
 - of Australian marsupial mole, 437
 - of Badger, 442
 - of Chimpanzee, 485
 - of European White, 548
 - of Gibbon, 481
 - of Gibraltar skull, 530
 - of Gorilla, 485
 - of Hindoo, 545
 - of Leopard, 440
 - of Neolithic individual, 534
 - of Orang, 482
 - of Primitive Man, 487
 - of Rodent, 443
 - of Sinopa and Opossum, 438
- Dento-facial irregularities, classification of, 92
 - malocclusion, classified table of, 139
- Dewey School of Orthodontia, presidential address before Alumni Society of, 416
- Diagnosis of periodontoclasia, 509
- Diathermy for epithelioma of palate, tonsils, tongue, etc., 124
- Differential diagnosis of therapeutics of focal affection, 559
- Diet, influence of, on development of teeth and jaws, 195
- Diseases of the jaw, 236

- Distal malocclusion of lower buccal teeth, 139
- Disto-mesial occlusion, 126
- Double harelip operation, 499

E

- Early orthodontia treatment, 411
- Education, dental, what is limit in, 514
- Emetine, therapeutic value, 181
- Engineering, dental, 230, 491
- Epidemic gingivitis, 329
- Epithelial debris in peridental membrane, 58
- Epithelioma of mouth, 256, 666
- Epulis of the upper jaw, 247
- Equipment for extraoral radiography, 505
- Esthetic correction of facial contours in dental orthopedia, 85
- Ethics, code of, to govern orthodontia, 421
- Etiology of cleft palate, 608
 - of ulcerous stomatitis, 403
- European white, dentition of, 548
- Evolution of mammalian molar teeth and its bearing on occlusion, 435
- Exercise of muscles, 348
- Exodontia in general practice, 59
- Exostosis of jaw, 240
- Expansion arch, ribbon arch and lingual appliance, an appliance combining, 573
- Exposed pulp, conservation of, 93
- Extraction, death following, 562
 - in orthodontia, 642
 - loss of contact point due to, 36
 - of infected teeth vs. surgical removal, 458
 - of teeth, investing tissues and, 727
 - for correction of malocclusion, 526
 - of pulpless teeth, radical propaganda for, 405
- Extraoral radiography, equipment for, 505
- Eyes affected by teeth, 193

F

- Face, gunshot injuries to, 97
 - plastic and cosmetic surgery of, 666
 - operations of, 460
- Facial beauty in relation to teeth, 226
 - contours, principles governing development of, 77
 - wounds, effect of, 101
- Failures in orthodontic practice, 659
- Febrile states and eruption of the teeth, 403
- Federspiel's dental clinic, 336
- Fifty cent radiograph, effort to discredit, 59
- Fistula of parotid in war wounds, 118
- Fixation of bony parts in facial wounds, 101
- Focal affection, differential diagnosis of, 559
 - dental infection, manifestations of, 670
 - remote manifestations of, 446
 - infection, teeth as source of, 122
 - infections, relation to modern orthodontic problems, 311

- Force and anchorage in movement of teeth, 88
- Form, position, and occlusion of teeth in modern man, 536
 - relation of, to position in teeth and its bearing on occlusion, 433, 478, 536
 - relationship to position in teeth, 530
- Fractured mandible, transplant grafts in, 121
- Fractures and dislocations of the jaw, 200
 - and splints, 321
 - of the mandible, 284
 - superior maxillary, 278

G

- Gangrenosa stomatitis, 512
- Gangrenous inflammation of the tooth germ, 403
- Gas, nitrous oxide, in dental surgery, 375
- Gibbon, dentition of, 480
- Gibraltar skull, 530
- Gilmer, the surgeon, 369
- Gingivitis as cause of pyorrhea, 56
- Glossitis, chronic superficial, as reflex necrosis, 123
 - pathology of, 329
- Golden rule in orthodontics, 337
- Gonorrheal stomatitis, 509
- Gorilla, dentition of, 485
- Graft, bone, 322
- Granuloma of alveolar border, 250
- Gums, hypertrophy of, 241
- Gunshot injuries of mandible, 116
 - to the face, analysis of, 97

H

- Habits, correction of, in preventing malocclusion, 223
- Half-round tubes, location of, 686
- Hapale, position of teeth in, 179
- Hapalidae, position of teeth in, 178
- Harelip and cleft palate, 43
 - congenital, 607
 - operations on, 497
 - Rose operation for, 498
- Headaches due to mouth infection, 184
- Healing, the art of, 569
- Health, contact point in relation to, 33
 - of patient in orthodontic cases, 660
- Hereditary malocclusion, retention in cases of, 631
- Hindoo, dentition of, 545
- Histology and embryology of cleft palate and harelip, 608
- History of orthodontia, 16, 74, 154, 356, 714
- Howling monkeys, position of teeth in, 175
- Hutchinson's teeth, 395
- Hygienist, dental, 262
 - in orthodontic practice, 589
- Hypertrophy of the gums, 241
- Hypoglossal nerve, isolated division of, 115

I

- Immobilization comparison of immediate and gradual in facial wounds, 102

- Impacted lower third molars, 401
 - teeth, opening space for, 690
 - third molar, 555
- Impactions, 143
 - and infraocclusion cases, treatment of, 141
 - x-ray in diagnosis of, 144
- Impression material, modeling compound as, 465
- Incisor, making room for inlocked, 718
- Incisors, bodily movement of, 164
- Indian, dentition of, 547
- Indications and contraindications for the extraction of teeth for the purpose of correcting malocclusion, 526
- Industrial medical and dental clinics, 194
- Infected teeth, extraction of vs. surgical removal, 658
- Infectious diseases in Eastern theatre of War, 329
- Inferior dental nerve and teeth, 396
- Influenza, comparative pathology of, 330
 - tongue in, 330
- Infraocclusion and impactions, treatment of, 141
 - etiology of, 142
- Inlocked incisor, making room for, 718
- Inoperable cancer of the tongue, 395
- Insectivore, dentition of, 441
- Intermaxillary force, 91, 633
- Intermittent hydroparotitis caused by dental plates, 731
 - pressure in relation to orthodontia, 356
- Interpretation of radiograms, 111
- Interproximal wear, 36
- Intraligamentous injection of anesthesia, 658
- Investing tissues and extraction of teeth, 727
- Iridocyclitis, sympathetic, 121

J

- Jacket and traction screw, 75
- Jackson crib, 154
- Jackson's modified split plate of vulcanite, 166
 - retaining appliance, 167
- Jaw, actinomycosis of, 237
 - diseases of, 236
 - epulis of, 247
 - exostosis of, 240
- Jaws, relationship of actinomycosis to, 564
 - war injuries of, 620

L

- Labio-lingual spring appliance, possibilities and use of removable, 1
- Labioversion of maxillary incisors, neu-troclusion with, plan of treating, 598
- Lagothrix, position of teeth in, 170
- Langenbeck cleft plate operation, 502
- Laryngeal carcinoma, treatment of, 668
- Larynx, extrinsic tumor of, 673
- Lateral bite, abnormal, 84
- Leopard, dentition of, 440

- Leucoplasia buccalis, 619
 semeiological value of, 460
 Leukoplakia, 244
 Ligaments associated with mandible, 215
 of mandible, 203
 Lingual appliances, new type of molar band
 and locking device for, 519
 ribbon arch and expansion arch, an
 appliance combining, 573
 arch and springs for opening spaces for
 impacted or missing teeth, 690
 for rotating teeth, 690
 auxiliary spring, 688
 construction of, 685
 description of, 684
 frequency of adjustment, 692
 location of, 686
 lock for, 94
 removable, and its relation to ortho-
 dontic problem, 681
 development of, 684
 lingual lock for use with, 473
 use of, 687
 lock, 445
 for use with removable lingual arches,
 473
 wire a substitute for precious metal in
 the enlargement of alveolar proc-
 ess by, 579
 Lipoids in tumors of dental region, 123
 Local anesthesia, late accidents of, 400
 Lock for lingual arch, 94
 lingual, 445
 Locking device for lingual appliances, and
 molar band, 519
 of bite caused by loss of contact point,
 41
 London orthodontic center, 95
 Loosened teeth, methods for fastening, 510
 Ludwig's angina; vaccine treatment, 665
 Lung abscess following tonsillectomy un-
 der local anesthesia, 561
- M
- Malignancies of mouth and neck, 671
 Malocclusion and pyorrhea, 65
 dental-occlusal classification of, 135
 extraction of teeth for correction of, 526
 prevention vs. treatment of, 222
 Mammalian molar teeth, evolution of, 435
 Man, primitive dentition of, 487
 Mandible, fractured, bone grafting of, 566
 fractures of, 284
 muscles and ligaments of, 203
 plastic operations on, 621
 Mandibular bone grafts, 64, 319
 postoperative course, 324
 meniscus, displacement of, and its treat-
 ment, 118
 Maxilla, inferior, protrusion of, 361
 superior, adamantinoma of, 259
 paradental cysts of, 258
 Maxillary fractures, 278
 incisors, neutroclusion with labioversion
 of, 598
 Maxillo-facial injuries, principles of ortho-
 dontia in treatment of, 273
 service, 397
- Maxillo-facial—Cont'd.
 surgeon in Mobile hospital, 61
 Meaning of the normal, 602
 Meetings of National Dental Association
 and American Society of Ortho-
 dontia, 419
 Mental development in cleft palate and
 harelip cases, 43
 disease, oral infection in relation to, 382
 Mesial malocclusion of lower buccal teeth,
 139
 Model trimmer, 151
 Modeling compound as an impression ma-
 terial for orthodontist, 465
 Modern man, deciduous teeth of, 535
 Molar band and locking device for lingual
 appliances, 519
 Mongolian dentition, 541
 Monkeys, variations in teeth of new world,
 168
 Mouth, epithelioma of, 666
 infection as a source of systemic dis-
 eases, 180
 hygiene, 201
 during treatment, 413
 malignancies of, 671
 streptococcus viridans infections of, 673
